LILAC

DISSEMINATION EVENT Nottingham 22nd June 2010

On the 22nd June 2010, at Proskills (Furniture Sector Skills Council) office the LILAC project, realised with the contribution of the European Community with the Leonardo programme was presented to companies of the furniture and complementary furnishings sector, to better understand the opportunity for them to use the platform.

Webs carried out a presentation on LILAC and distributed promotional materials to those who attended and delegates were invited to participate in the pilot testing.

So far about 60 companies have been informed about the LILAC project and been invited to participate in the pilot some of them have showed interest in participating.
